SUMMARY:
Full Stack Developer skilled in building efficient end-to-end web solutions. Strong in DSA with 250+ problems solved across various platforms, showing solid problem-solving ability.

TECHNICAL SKILLS:
- **Frontend** - React , Redux , Nextjs14 , Javascript , TypeScript , Tailwind
- **Backend** - Node.js, Express.js
- **Database** - Mongodb, PostgreSQL

Experience:
[Link] **Software Developer Intern (SDE)** – Legal Gain | 2 Jun – Present
- Independently developed 2 MERN Stack web applications from scratch which solves real life problems in daily task management, featuring advanced functionality,
- Recognized as the most efficient and high-performing intern on the team.
- Delivered complex features faster than expected with minimal supervision.
- Set a benchmark for quality, speed, and ownership among peers.

PROJECTS:
[Link] **AI-Powered Chat Application with Code Execution**
Tech Stack: React, Tailwind CSS, Context-API, Express, Web Sockets, MongoDB
- Developed a real-time chat application using MERN Stack with AI integration.
- Integrated Gemini API for intelligent responses and assistance.
- Implemented a code execution feature, allowing users to run and test code within the chat.

[Link] **StudySphere**
Tech Stack: React, TiltJs, Tailwind CSS, Redux, Express, Node, MongoDB, LLM
- Developed a full-stack learning platform where instructors upload courses. Added 3D simulations for enhanced learning experience.
- Integrated Razorpay payment gateway for secure course purchases.

[Link] **Smart GIF Generator**
Tech Stack: React, Tailwind CSS, Giphy API
- Developed a GIF generator that creates custom GIFs based on user input.
- Integrated Giphy API to fetch and generate GIFs dynamically.

Achievements:
- **Winner at CodeCrash (DSA Contest)-** Secured 1st place for solving complex data structure and algorithm problems efficiently.
- **Top Performer at AU Hackathon-** Built an AI-powered trading platform with real-time market analysis and smart insights.
- **Runner-up at SVNIT Hackathon-** Created an education platform with instructor and student modules, Integrated LLM, JWT auth, and Razorpay integration.

EDUCATION
G H Patel College Of Engineering And Technology, Anand   May 2026
Bachelor Of Information Technology, CGPA - 8.00
